Spencarian is a script that was popular in the late 1800's to early 1900's in the United States. It was considered the way to write for a business because of its oval based style it could be written fast and was still legible. It made it great for taking minutes in a meeting or aid in business correspondence.

Kanji: Chinese characters. The Japanese began to use the Chinese writing system about 1,400 years ago. These Chinese characters, called kanji in Japanese, are also called pictographs because they indicate meanings as well as sounds. The way that Japanese use Chinese pictographs to write their own language is a good example of Japanese ingenuity in adapting elements of other cultures to enhance ...
