From the feedback and questions that we get on our Facebook page, there is a great deal of interest in how to homeschool high school. This year my daughter is a sophomore in high school, and I thought it might be helpful to share our 10th grade plan with you. Contrary to popular belief, homeschooling high school is often easier than homeschooling younger grades.

High School Homeschooling: Our 10th Grade Plan

Chemistry is too universal and dynamically-changing a subject to be confined to a fixed definition; it might be better to think of chemistry more as a point of view that places its major focus on the structure and properties of substances— particular kinds of matter— and especially on the changes that they undergo.. In some ways, physics might be considered more "fundamental" to the extent ...
