

## *English With An Accent Lippi Green*

### **English With An Accent Lippi**

In sociolinguistics, an accent is a manner of pronunciation peculiar to a particular individual, location, or nation. An accent may be identified with the locality in which its speakers reside (a regional or geographical accent), the socioeconomic status of its speakers, their ethnicity, their caste or social class (a social accent), or influence from their first language (a foreign accent).

These are all good points, aspects, and options to consider. In my current WIP, a minor character in one chapter has a heavy accent, or perhaps dialect, typical of the locale a couple generations back but nearly lost with the recent mobility of the American public and subsequent influx of "non-native" speakers into the region.
