When your mane is unmanageable, it's time to take charge. Frizzy, dry hair that won't smooth out with the help of products and a blow-dryer needs a more solid option. The good news is that with the help of a trusted hairstylist, your hair can go from frizzy to free-flowing in just a few hours.

### **How to Smooth Frizzy Hair Permanently | Livestrong.com**

Shampoo and Conditioner: The root cause of frizz is a lack of hydration, which makes hair brittle and unruly. Choose a shampoo and conditioner that contain moisturizing humectants (like hyaluronic acid or glycerin) and ingredients that help seal the hair's cuticle (outer layer) to prevent moisture from escaping, says cosmetic chemist Ni'kita Wilson.

Open a magazine and you'll see pictures of models, all with one thing in common: sleek and shiny hair. Unfortunately for the rest of us, when we get out of the swimming pool our hair dries into a frizzy mess. Using a straightening iron is a solution, but doing it after every shower or dip in the pool is painfully time consuming.

### **Chemically Damaged Hair**

Hair is a protein filament that grows from follicles found in the dermis. Hair is one of the defining characteristics of mammals. The human body, apart from areas of glabrous skin, is covered in follicles which produce thick terminal and fine vellus hair. Most common interest in hair is focused on hair growth, hair types, and hair care, but hair is also an important biomaterial primarily composed ...
