

Landscape In Photographs Hardcover

Landscape In Photographs Hardcover

"Landscape photography has a rich and diverse history that reveals much about the development of the medium since its birth in 1839. The images in Landscape in Photographs represent these varied and imaginative styles, covering everything from the blurry but instrumental photographs of the 1840s to the abstract and thought-provoking output of the 1960s and 70s, and beyond."—

Landscape photography has traveled far from its origins in the picturesque or pastoral. It is at the cutting edge of contemporary image-making with leading photographers creating work that transcends definitions of "art" or "documentary." This is the first truly international survey of a vibrant, burgeoning field of photography, its masterful image-makers, and their work.
