Picture History Of Aviation On

The pioneer years of aviation included both successful and misguided efforts to make the number of safe landings approximate to the number of takeoffs.

Photo Gallery: 100 Years Of Aviation Safety History ...

The history of aviation extends for more than two thousand years, from the earliest forms of aviation such as kites and attempts at tower jumping to supersonic and hypersonic flight by powered, heavier-than-air jets.. Kite flying in China dates back to several hundred years BC and slowly spread around the world. It is thought to be the earliest example of man-made flight.

Written and designed by Bill Mohrbacher Find the entire feature on page 28 in the February 2012 issue. I WAS DELIGHTED when MA editor, Jay Smith, asked if I would submit an article on the history of model engines.

History of Model Engines | Model Aviation

History of Naval Aviation Ordnance . The Navy's Aviation Ordnance Rating. Background. The Navy's Aviation Ordnance rating really began on April 9, 1915 when a Chief Gunners Mate and a Chief Turret Captain, along with several other mechanics, were sent to Pensacola, Florida to work on what would be the beginning of aircraft armament and ordnance systems.

History of Naval Aviation Ordnance - aaoweb.org

The XTBD-1 first flew on April 15, 1935 and nine days later was delivered to Navy for testing. It was designed to a specification for aircraft operating from a new class of carriers the Navy was launching, the first of which was the USS Ranger. On June 25, 1937 Douglas began delivery of 114 TBD-1s and by 1938 the type had proved very successful in trials and combat exercises.

Global airline fleets, airport maps, airliner seating, military & airline videos, jet images, flight tracker and airline status, pilot license requirements, airport parking pictures, flight dates & aviation history.

Aviation Explorer | Airplane Data Facts & References ...

Early on, Shoemaker chose the Pratt-Whitney R-1830 Wasp air-cooled radial engine because of its long history of reliability, and the V-166-A was designed around this engine. But, in 1940, the BuAer's quest for speed resulted in a switch to the experimental XR-2800-4 version of the Pratt-Whitney Double Wasp, with a two-stage supercharger for the prototype XF4U-1 Corsair.

Aircraft photos - 1936 - 1938 From Boston, MA and Hartford, CT airports. By Stephen Sherman, Apr. 2007. Updated June 8, 2012. Here is a collection of 37 photographs that my Dad took, mostly when he was a teenage aviation enthusiast, during the years 1936 and 1938. The photos were labelled in his ancient little black scrapbook, and I transcribed them here.
