When choosing a life insurance policy two of the main types of plans available are term life insurance and whole life insurance. There are major differences between the two types of policies and this article will assist you with making the choice ...

### **What is lump sum contract? definition and meaning ...**

Since the sum of the angles in a triangle is  $180^\circ$ , the sum of the angles in the quadrilateral is  $360^\circ$  because it is composed of two triangles. Similarly, we see that the sum of the five angles in the pentagon is  $540^\circ$  since it is composed of three triangles and  $3 \times 180^\circ = 540^\circ$ . The number of triangles which compose the polygon is two less than the number of sides (angles).
